Biology for the IB Diploma, Second edition covers in full the requirements of the IB syllabus for Biology for first examination in 2016. Directly linked to Oxford's bestselling DP Science resources, this new Course Preparation resource thoroughly prepares students to meet the demands of IB Diploma Programme Chemistry. Ideal for students who have studied non-IB courses at pre-16 level, the text introduces learners to the IB approach, terminology and skills. Due to the unprecedented success of his previous IB guidebook, 45 Tips, Tricks, and Secrets for the Successful International Baccalaureate [IB] Student, Alexander Zouev has returned to compile a book that reveals more secrets to succeeding in the rigorous academic program. This is a book aimed at students struggling in the IB Diploma program who wish to maximise their potential with minimal hassle. In this to-the-point manual, students will uncover all of the secrets that will allow them to gain 35+ points with relative ease. This book is filled with practical hints, tips, and suggestions that most IB students ignore. Provide clear guidance to the 2014 changes and ensure in-depth study with accessible content, directly mapped to the new syllabus and approach to learning. This second edition of the highly regarded

textbook contains all SL and HL content, which is clearly identified throughout. Options are available free online, along with appendices and data and statistics. - Improve exam performance, with exam-style questions, including from past papers - Integrate Theory of Knowledge into your lessons and provide opportunities for cross-curriculum study - Stretch more able students with extension activities - The shift to concept-based approach to learning, Nature of Science, is covered by providing a framework for the course with points for discussion - Key skills and experiments included Exam board: International Baccalaureate Level: IB Diploma Subject: Spanish First teaching: September 2018 First exams: Summer 2020 Develop competent communicators who can demonstrate a sound conceptual understanding of the language with a flexible course that ensures thorough coverage of the updated Spanish B Guide and is designed to meet the needs of all IB students at Standard and Higher Level. - Empower students to communicate confidently by exploring the five prescribed themes through authentic texts and skills practice at the right level, delivered in clear learning pathways. - Ensure students are able to produce coherent written texts and deliver proficient presentations with grammar and vocabulary introduced in context and in relation to appropriate spoken and written registers. - Improve receptive skills with authentic written texts, audio recordings spoken at a natural pace, and carefully crafted reading and listening tasks. - Promote global citizenship, intercultural understanding and an appreciation of Hispanic cultures through a wide range of text types and cultural material from around the world. - Deliver effective practice with a range of structured tasks within each unit that build reading, listening, speaking and writing skills. - Establish meaningful links to TOK and CAS, and identify learner profile attributes in action.
