The heroes and villains, triumphs and disasters of English history are instantly familiar—from the Norman Conquest to Henry VIII, Queen Victoria to the two world wars. But to understand their full significance we need to know the whole story. A Short History of England sheds new light on all the key individuals and events in English history by bringing them together in an enlightening account of the country's birth, rise to global prominence, and then partial eclipse. It is the definitive narrative of how today's England came to be. With 16 Pages of Glorious, Full-Color Illustrations There are few places that entice the imagination quite like England. Just a little island off the western coast of continental Europe, it boasts a rich history that stretches all the way back to the first modern humans. Examines social, economic, and political forces and events that contributed to the shaping of the modern nation This two-volume narrative of English history draws on the most up-to-date primary and secondary research, encouraging students to interpret the full range of England's social, economic, cultural, and political past. A History of England, Volume 1 (Prehistory to 1714), focuses on the most important developments in the history of England through the early 18th century. Topics include the Viking and Norman conquests of the 11th century, the creation of the monarchy, the Reformation, and the Glorious Revolution of 1688. "A fast-paced tour of 2,000 years of English history, tracing its secret north-south divide and notorious class system"-- The first book in Peter Ackroyd's history of England series, which has since been followed up with two more installments, Tudors and Rebellion. In Foundation, the chronicler of London and of its river, the Thames, takes us from the primeval forests of England's prehistory to the death, in 1509, of the first Tudor king, Henry VII. He guides us from the building of Stonehenge to the founding of the two great glories of medieval England: common law and the cathedrals. He shows us glimpses of the country's most distant past--a Neolithic stirrup found in a

grave, a Roman fort, a Saxon tomb, a medieval manor house--and describes in rich prose the successive waves of invaders who made England English, despite being themselves Roman, Viking, Saxon, or Norman French. With his extraordinary skill for evoking time and place and his acute eye for the telling detail, Ackroyd recounts the story of warring kings, of civil strife, and foreign wars. But he also gives us a vivid sense of how England's early people lived: the homes they built, the clothes they wore, the food they ate, even the jokes they told. All are brought vividly to life in this history of England through the narrative mastery of one of Britain's finest writers. The heroes and villains, triumphs and disasters of English history are instantly familiar—from the Norman Conquest to Henry VIII, Queen Victoria to the two world wars. But to understand their full significance we need to know the whole story. A Short History of England sheds new light on all the key individuals and events in English history by bringing them together in an enlightening account of the country's birth, rise to global prominence, and then partial eclipse. Written with flair and authority by Guardian columnist and LondonTimes former editor Simon Jenkins, this is the definitive narrative of how today's England came to be. Concise but comprehensive, with more than a hundred color illustrations, this beautiful single-volume history will be the standard work for years to come. A sweeping and original history of the Anglo-Saxons by national bestselling author Marc Morris. Sixteen hundred years ago Britain left the Roman Empire and swiftly fell into ruin. Grand cities and luxurious villas were deserted and left to crumble, and civil society collapsed into chaos. Into this violent and unstable world came foreign invaders from across the sea, and established themselves as its new masters. The Anglo-Saxons traces the turbulent history of these people across the next six centuries. It explains how their earliest rulers fought relentlessly against each other for glory and supremacy, and then were almost destroyed by the onslaught of the vikings. It explores how they abandoned their old gods for Christianity, established hundreds of churches and created dazzlingly intricate works of art. It charts the revival of towns and trade, and the origins of a familiar landscape of shires, boroughs and bishoprics. It is a tale of famous figures like King Offa, Alfred the Great and Edward the Confessor, but also features a host of lesser known characters - ambitious queens, revolutionary saints, intolerant monks and grasping nobles. Through their remarkable careers we see how a new society, a new culture and a single unified nation came into being. Drawing on a vast range of original evidence - chronicles, letters, archaeology and artefacts - renowned historian Marc Morris illuminates a period of history that is only dimly understood, separates the truth from the legend, and tells the extraordinary story of how the foundations of England were laid. This facsimilie of Jane Austen's parody of Oliver Goldsmith's History of England has been reproduced to mirror the original handwritten manuscript. Spanning the reign of Henry IV to the death of Charles I, the manuscript is accompanied by a full transcript. A History of England, Volume 2 (1688 to the Present), focuses on the key events and themes of English history since 1688. Topics include Britain's emergence as a great power in the 18th century, the American War for Independence, the Industrial Revolution, and the economic crisis of the 1970s. A complete social and political history of England. Originally published in 1938. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive.
