The author, an American anthropologist, describes her experiences during the year she spent as a Japanese geisha, and looks at the role of women, and geishas, in modern Japan. Plato Tate wants to become a United States Marine Corps commissioned officer. Meantime, he befriends four Marine recruits who must become good Marines or die. Along the way, Tate meets and falls in love with a mysterious Chinese sorceress who almost destroys his life and aspirations. This new edition of

The Bottle bible is loaded with listings, current market values and trademark data for 50 years of bottles produced during the 19th and 20th centuries. With this book in hand, the tools to positively identify and accurately assess bottles in your collection are at your fingertips. Review tips for spotting reproductions, determining rarity and identifying factors that affect values and for 50 plus categories of bottles (with 20 new areas) including bottles from Avon, Ballantine, Jim Beam, Lionstone, Miniatures, and Violin and Banjo among others. Violations of international law and human rights laws are the plague of the 20th and 21st centuries. People's inhumanity to people escalates as wars proliferate and respect for human rights and the laws of war diminish. Decoding International Law analyses international law as represented artfully in the humanities. The world's bestselling travel book is back in a more informative, more experiential, more budget-friendly full-color edition. A #1 New York Times bestseller, 1,000 Places reinvented the idea of travel book as both wish list and practical guide. As Newsweek wrote, it "tells you what's beautiful, what's fun, and what's just unforgettable—everywhere on earth." And now the best is better. There are 600 full-color photographs. Over 200 entirely new entries, including visits to 28 countries like Lebanon, Croatia, Estonia, and Nicaragua, that were not in the original edition. There is an emphasis on experiences: an

entry covers not just Positano or Ravello, but the full 30-mile stretch along the Amalfi Coast. Every entry from the original edition has been readdressed, rewritten, and made fuller, with more suggestions for places to stay, restaurants to visit, festivals to check out. And throughout, the book is more budget-conscious, starred restaurants and historic hotels such as the Ritz, but also moderately priced gems that don't compromise on atmosphere or charm. The world is calling. Time to answer. Describes the cultural, historical, and scientific aspects of hairdressing and hairstyling throughout history. Do you have a little sticker collector at home? A Kyoto geisha describes her initiation into an okiya at the age of four, the intricate training that made up most of her education, her successful career, and the traditions surrounding the geisha culture. Reprint. "To read *East Wind Melts the Ice* is to slip into a time stream that is both as long and sinuous as history and as ephemeral as the present moment. Drawing inspiration from the thousand year old history of Japanese poetic diaries, and form from the ancient Chinese almanac that she uses to contain her musings, Liza Dalby has accomplished the seemingly impossible task of translating the sensibility of the Heian Court of 11th century Japan into the context of contemporary America. The result is a stunning chronicle of the beauty of time passing and an evocation of the transient and whimsical nature of all things."—Ruth Ozeki, author of *My Year of Meats* and *All Over Creation* "I imagine Liza Dalby writing this book in an ancient library, a lion sleeping at her side, as in the paintings of Saint Jerome. As she collects

and layers arcane and fascinating pieces of knowledge, she builds her own very personal almanac packed with the wonder of loving two cultures, the intense inner life of each season, and boundless curiosity of the scholar/child. This is a book to dip in and out of throughout the year."—Frances Mayes, author of *Under the Tuscan Sun* "Liza Dalby's memoir of the seasons is as fresh and captivating as springtime. A very special book."—Michael Pollan, author of *The Omnivore's Dilemma* "This beautiful book awakens the senses. A journal, an almanac of the seasons, and a series of reflections on ancient Eastern Chinese and Japanese cultures, here you will find subtle observations of rain and heat, tangerines, mulberries and paulownia trees, crickets and doves forming a rich tapestry as they are woven with evocative fragments of history—stories of geishas, of salesmen who sold bulk fireflies, of the wood that was used for kimono chests, of emptiness in the tea ceremony. Like a lush garden, this book is meant to savor."—Susan Griffin, author of *The Book of the Courtesans* **Your Notebook for University, College, High School, Work and Home** It makes a very mindful and pretty gift for a birthday, Christmas, back to school and any other occasion. It is perfect for any class, course, seminar, workshop or subject - For taking notes, recipes, to do lists, sketching, writing stories and poems, organizing, doodling, drawing, journaling and brainstorming - For pupils,

young adults, educators, professionals, business people, women and men. Features: College Ruled Paper 8" x10" great size for backpack, schoolwork & homework 120 crisp white writing pages / 60 sheets Protective glossy softcover Beautiful cover design In this epic historical saga reminiscent of Game of Thrones meets Memoirs of a Geisha, two very different women find their fates intertwined. At the dawn of the shogun era, in 12th century Japan, Tomoe is strong but obedient, a beautiful onnabugeisha (woman who studies the art of war), the concubine and army captain to the reckless orphan Yoshinaka, whose vow to avenge his father's death and oust his cousin from power takes over their lives. Yamabuki is the sheltered, shy noble sold off to become rough Yoshinaka's legal wife, sent to live in the remote mountains of Japan, where her scornful lady-in-waiting is none other than the warrior woman Tomoe. As the epic Gempei War begins and the women prepare for battles both literal and of the heart, losing means death, but victory might mean losing everything. Forget the stereotypes. Today's Japanese women are shattering them -- breaking the bonds of tradition and dramatically transforming their culture. Shopping-crazed schoolgirls in Hello Kitty costumes and the Harajuku girls Gwen Stefani helped make so popular have grabbed the media's attention. But as critically acclaimed author Veronica Chambers has discovered through years of

returning to Japan and interviewing Japanese women, the more interesting story is that of the legions of everyday women -- from the office suites to radio and TV studios to the worlds of art and fashion and on to the halls of government -- who have kicked off a revolution in their country. Japanese men hardly know what has hit them. In a single generation, women in Japan have rewritten the rules in both the bedroom and the boardroom. Not a day goes by in Japan that a powerful woman doesn't make the front page of the newspapers. In the face of still-fierce sexism, a new breed of women is breaking through the "rice paper ceiling" of Japan's salary-man dominated corporate culture. The women are traveling the world -- while the men stay at home -- and returning with a cosmopolitan sophistication that is injecting an edgy, stylish internationalism into Japanese life. So many women are happily delaying marriage into their thirties -- labeled "losing dogs" and yet loving their liberated lives -- that the country's birth rate is in crisis. With her keen eye for all facets of Japanese life, Veronica Chambers travels through the exciting world of Japan's new modern women to introduce these "kickboxing geishas" and the stories of their lives: the wildly popular young hip-hop DJ; the TV chef who is also a government minister; the entrepreneur who founded a market research firm specializing in charting the tastes of the teenage girls driving the country's GNC --

"gross national cool"; and the Osaka assembly-woman who came out publicly as a lesbian -- the first openly gay politician in the country. Taking readers deep into these women's lives and giving the lie to the condescending stereotypes, Chambers reveals the vibrant, dynamic, and fascinating true story of the Japanese women we've never met. Kickboxing Geishas is an entrancing journey into the exciting, bold, stylish new Japan these women are making. Documents the great diversity in how people perceive their natural environment and how they come to terms with nature, be it through brute force, rituals or idealization. The main message of the book is that 'nature' and the 'natural' are concepts very much conditioned by their context. What do you do if you're an artist who wants to display your soul but no one believes you have one? Geisha is the futuristic tale of Jomi Sohodo, an android with a knack for painting. Adopted early on by the Kami family, Jomi has been assimilated into regular human life -- or so she thinks. Society, for all its advances, still regards her as an outcast, as something less than human. This makes it rather difficult for her to sell her paintings, and if she can't sell her paintings, she can't make rent. So, she enters the family business and becomes a bodyguard. In this new world of action and intrigue, Jomi becomes mixed up with a supermodel being stalked by a jealous ex-husband, a maniacal mogul with a taste for

revenge, and the twisted double-cross of art fakery. Drawn with bold, expressive lines, and enhanced with subtle gray tones, *Geisha* is a sophisticated, yet light-hearted, tale that combines fine art, Japanese comics, and classic storytelling into one engaging adventure. Japan's geisha have fascinated and allured westerners for centuries. But just who are geisha? This book delves into their lives and history with detailed coverage of their training, their costumes, and the intricate world of tradition in which they live and work. This finely illustrated book looks at the gradations of rank, clothing, and makeup, as well as the subtle changes of geisha appearance through the seasons. It explores the network of dance schools, teahouses, temples, offices and traditional crafts, with calligraphers, dyers, and sake warmers among the many occupations serving in the hanamachi or "flower towns," as geisha districts are known. The geisha craft itself draws on an array of traditional Japanese arts: dance, tea ceremony, traditional music, and games, all in the service of leisure. This book explains how this complex and often misunderstood world evolved, how it fits into modern Japan, and how it is adapting in order to survive there.--From publisher description. Why did almost one thousand highly educated "student soldiers" volunteer to serve in Japan's tokkotai (kamikaze) operations near the end of World War II, even though Japan was losing

the war? In this fascinating study of the role of symbolism and aesthetics in totalitarian ideology, Emiko Ohnuki-Tierney shows how the state manipulated the time-honored Japanese symbol of the cherry blossom to convince people that it was their honor to "die like beautiful falling cherry petals" for the emperor. Drawing on diaries never before published in English, Ohnuki-Tierney describes these young men's agonies and even defiance against the imperial ideology. Passionately devoted to cosmopolitan intellectual traditions, the pilots saw the cherry blossom not in militaristic terms, but as a symbol of the painful beauty and unresolved ambiguities of their tragically brief lives. Using Japan as an example, the author breaks new ground in the understanding of symbolic communication, nationalism, and totalitarian ideologies and their execution. Ann Sherif discusses the life and work of Kōda in light of changes in critical horizons, readerly communities, and especially constructions of gender and the family in the latter half of the twentieth century. Excellent translations of some of Kōda's most provocative short works are included. Introduction Keisai Eisen (1790-1848) is especially known for his *bijin-ga*, pretty women, and landscapes. He is well known for his participation in the series 69 stations of the Nakasendō together with Hiroshige. The series A Tōkaidō Board Game of Courtesans, Fifty-three Pairings in the Yoshiwara use

the Tōkaidō with landscape inserts as an excuse for showing courtesans and geisha, *bijin-ga*, to skirt the censorship. It was published 1821-1823. His *bijin-ga* are considered to be masterpieces of the "decadent" Bunsei Era (1818-1830). Most of them have impressive hairdo with many ornamental hairpins and combs. Their dress is extravagant with beautiful patterns and sublime embroideries. Their faces are elongated squares with long noses and small pouted painted mouths. Courtesans were desirable for their rich and splendid attire, not so much for their beauty and their names were actually like trademarks for a series of girls performing the name role with the brothel in question. The author, an American anthropologist, describes her experiences during the year she spent as a Japanese geisha, and looks at the role of women, and geishas, in modern Japan. This book examines the making of heritage in contemporary Japan, investigating the ways in which particular objects, practices and institutions are ascribed public recognition and political significance. Through detailed ethnographic and historical case studies, it analyses the social, economic, and even global political dimensions of cultural heritage. It shows how claims to heritage status in Japan stress different material qualities of objects, places and people - based upon their ages, originality and usage. Following on an introduction that thoroughly assesses the field, the

ethnographic and historiographic case studies range from geisha; noh masks; and the tea ceremony; urban architecture; automata; a utopian commune and the sites of Mitsubishi company history. They examine how their heritage value is made and re-made, and appraise the construction of heritage in cases where the heritage value resides in the very substance of the object's material composition - for example, in architecture, landscapes and designs - and show how the heritage industry adds values to existing assets: such as sacredness, urban charm or architectural and ethnic distinctiveness. The book questions the interpretation of material heritage as an enduring expression of social relations, aesthetic values and authenticity which, once conferred, undergoes no subsequent change, and standard dismissals of heritage as merely a tool for enshrining the nation; supporting the powerful; fostering nostalgic escapism; or advancing capitalist exploitation. Finally, it considers the role of people as agents of heritage production, and analyses the complexity of the relationships between people and objects. This book is a rigorous assessment of how conceptions of Japanese heritage have been forged, and provides a wealth of evidence that questions established assumptions on the nature and social roles of heritage. Geishas and the Floating World returns readers to a lost world of sensuality and seduction, rich with hedonism,

abandon, and sexual and personal politics. "Floating World" refers to Japan's traditional Geisha pleasure districts, but also to the artistic and literary worlds associated with them. At the heart of the "Floating World" and the system it supported was an extensive network of talented courtesans and entertainers, typified by the still fascinating, enigmatic Geisha. Stephen and Ethel Longstreet bring the reader on an in-depth tour of the original and most infamous red-light district in Japan—the Yoshiwara district of old Tokyo that underwent tremendous changes during the more than three centuries of its existence. Beyond the erotic allure the district held, the Yoshiwara also fostered a rich culture and a much studied and revered artistic and literary tradition. This account is adorned with examples of fine woodblock prints and quotations from often bawdy, and always colorful, original sources that offer a gripping portrait of life within the pleasure zone. Geishas and the Floating World balances scholarly insights with a master storyteller's flair for the exploits and intrigues of people operating outside the confines of polite society. Stephen Mansfield's new introduction bridges time, examining gender realities and the Yoshiwara through contemporary eyes, highlighting often overlooked subtleties and the harsh realities associated with this glittering world. This book studies a selection of works of Philippine literature written in Spanish during the American

occupation of the Philippines (1902-1946). It explores the place of Filipino nationalism in a selection of fiction and non-fiction texts by Spanish-speaking Filipino writers Jesús Balmori, Adelina Gurrea Monasterio, Paz Mendoza Guazón, and Antonio Abad. Taking an interdisciplinary approach that draws from Anthropology, History, Literary Studies, Cultural Analysis and World Literature, this book offers a comparative analysis of the position of these authors toward the cultural transformations that have taken place as a result of the Philippines' triple history of colonization (by Spain, the US, and Japan) while imagining an independent nation. Engaging with an untapped archive, this book is a relevant and timely contribution to the fields of both Filipino and Hispanic literary studies. Get your passport ready and your vacation planner out! This book contains over 100 destinations to choose from, brought to life through stunning photography. Maybe you want to know the finest place to go to in June, or you want to know the best time of year to witness a natural wonder, enjoy a festival or go on an action-adventure. This book will help you plan the ultimate experience. Each month of the year has a dedicated chapter, so you'll know the perfect travel destination for that time of year. Perhaps you're looking for a place to have a June honeymoon, a September wedding anniversary getaway or a March birthday adventure - there are over 100

destinations listed to spark your vacation dreams. Discover when to explore Costa Rica's rainforests, journey into the clouds in Nepal, sail between Croatia's cypress-clad islands or gaze at the saw-toothed crags of Canada's Rocky Mountains. Learn about just the right moment to see the cherry blossoms bloom in Japan, or the reindeer in Lapland. Maybe you want to know when you can visit the Hawaiian island of Kauai or the ruins of ancient Lycia all to yourself? Vibrant photographs bring these destinations a little bit closer to home, so you can imagine yourself there. There's a stimulating narrative describing the glorious locations and activities. This coffee table book has tips to help you plan your vacation with helpful information like the closest international airports, how to get around and the average temperature for the month. Just in case you can't make it that month, the book includes another month that is equally pleasant and worthwhile. Unforgettable trips for every month This book has everything you need to choose an exciting place to spend your vacation and the best possible time of year to go. You can find the perfect place to visit no matter when you want to travel, so you can create and collect special memories. This book makes a wonderful wedding gift, with many honeymoon ideas. Let us be your travel guide! - Holiday destinations, month by month. - Glorious photos to inspire you. - Helpful narrative to help you imagine being there yourself.

NEW & REDESIGNED FOR 2019! This is the only drink book that you will ever need. Inside it's pages are 10,000 NEW and CLASSIC Recipes for Cocktails, Shooters, Martinis, Frozen Drinks, Mixers, Hi-Balls and Hot Drinks. Every recipe includes specific ingredients, measurements and instructions in Easy-To-Read Form. Written and compiled by Dennis A. Wildberger, a master bartender with more than 25 years in the restaurant and nightclub business. In addition to this remarkable collection of recipes, sections include maintaining bar equipment, proper glassware, basic bar ingredients, "Building the Perfect Cocktail", and so much more. "The Ultimate Drink Directory" will replace every other bartender guide currently on your bookshelf! In the final book of the trilogy, Hans meets the brother of the man whose body he inhabits, William Cavutino. William learns who his brother really is, and the two men form a relationship as brothers. Hans and William's history is told, and a lasting bond is forged as the two men travel the world together. After beginning a new life with Hans, William changes his name and sets out on a dangerous mission, hunting evil. Hans' loyalty keeps him by his brother's side on each of the hunts. All goes well until a vampire is killed during one of the hunts. This vampire was the companion of Fou-sang Rousseau, a criminally insane vampire from eighteenth-century France. Now Fou-sang hunts for the men who killed his lover. Kyoto

is the heart and soul of Japan, the repository and guardian of its ancient spirit. With an informative text and 150 stunning colour images, this beautifully produced book reveals all the charm and elegance of Japan's most loved city. Part 1 looks at historical Kyoto; Part 2 portrays the life and culture of the city; Part 3 introduces its immediate predecessor as capital and close neighbour Nara; Part 4 tackles the juxtaposition of old and new in the Kyoto of today. Yoel Hoffmann—"Israel's celebrated avant-garde genius" (The Forward)—supplies the magic missing link between the infinitesimal and the infinite Part novel and part memoir, Yoel Hoffmann's Moods is flooded with feelings, evoked by his family, losses, loves, the soul's hidden powers, old phone books, and life in the Galilee—with its every scent, breeze, notable dog, and odd neighbor. Carrying these shards is a general tenderness, accentuated by a new dimension brought along by "that great big pill of Prozac." Beautifully translated by Peter Cole, Moods is fiction for lovers of poetry and poetry for lovers of fiction—a small marvel of a book, and with its pockets of joy, a curiously cheerful book by an author who once compared himself to "a praying mantis inclined to melancholy." Flowers are beautiful. People often communicate their love, sorrow, and other feelings to each other by offering flowers, like roses. Flowers can also be symbols of collective identity, as cherry blossoms are for the Japanese. But, are they also

deceptive? Do people become aware when their meaning changes, perhaps as flowers are deployed by the state and dictators? Did people recognize that the roses they offered to Stalin and Hitler became a propaganda tool? Or were they like the Japanese, who, including the soldiers, did not realize when the state told them to fall like cherry blossoms, it meant their deaths? *Flowers That Kill* proposes an entirely new theoretical understanding of the role of quotidian symbols and their political significance to understand how they lead people, if indirectly, to wars, violence, and even self-exclusion and self-destruction precisely because symbolic communication is full of ambiguity and opacity. Using a broad comparative approach, Emiko Ohnuki-Tierney illustrates how the aesthetic and multiple meanings of symbols, and at times symbols without images become possible sources for creating opacity which prevents people from recognizing the shifting meaning of the symbols. Coloring book for Japan lovers and fans ♥ 201 pages 100 designs every second page is blank - Great gift idea for Japanese culture lovers. - Fun

way to relax and take your mind away while exploring Japanese culture. - Book covers a lot of themes including: geisha, sumo, samurai, warriors, Japanese masks, kawaii cats, animals and food; sushi, food, Koi fish, lions, dragons, temples and buildings, anime, manga, alphabet, teens, girls, boys, lotus and cherry blossom flowers, Japanese design and art, old style drawings and more! Get your copy today and start drawing and relaxing! 201 pages Size: large 8.5 x 11 inch (21.59 x 27.94 cm) *The Culture of Japan as Seen through Its Leisure* brings together scholars of various disciplines from around the globe to discuss different forms of leisure activities in past and present Japan, thus enriching our knowledge of Japanese culture. Arranged in five sections, the volume focuses on everyday activities such as leisure, sports, travel and nature, theater and music, playing games, and gambling. The editors place the treated leisure activities into a historical frame of reference and relate them to the well-known classification scheme of games by Roger Caillois. The world's bestselling travel book is back in a more informative,

more experiential, more budget-friendly full-color edition. A #1 New York Times bestseller, *1,000 Places* reinvented the idea of travel book as both wish list and practical guide. As Newsweek wrote, it "tells you what's beautiful, what's fun, and what's just unforgettable—everywhere on earth." And now the best is better. There are 600 full-color photographs. Over 200 entirely new entries, including visits to 28 countries like Lebanon, Croatia, Estonia, and Nicaragua, that were not in the original edition. There is an emphasis on experiences: an entry covers not just Positano or Ravello, but the full 30-mile stretch along the Amalfi Coast. Every entry from the original edition has been readdressed, rewritten, and made fuller, with more suggestions for places to stay, restaurants to visit, festivals to check out. And throughout, the book is more budget-conscious, starred restaurants and historic hotels such as the Ritz, but also moderately priced gems that don't compromise on atmosphere or charm.
